**FINDINGS REQUIRED FOR GRANTING A
CHANGE IN LAND DEVELOPMENT REGULATIONS
(Sec. 70-340, LDR page CD70:16 as modified for a text amendment)**

It is the Applicant's responsibility to convince the Planning Board/LPA and City Council that approval of the proposed request is justified. Specifically, the Applicant should provide in his/her application and presentation sufficient explanation and documentation to convince the reviewing bodies to find that the proposed change and its likely effects:

1. Are not contrary to Comprehensive Plan requirements.
2. Are compatible with the intent of the LDRs and specifically the intent of the zoning district(s) affected.
3. Will not have an adverse effect on the public interest.
4. Are appropriate for the locations proposed and reasonably compatible with other land uses allowed in the zoning districts affected, and is not contrary or detrimental to urbanizing land use patterns.
5. Will not adversely affect property values or living conditions, or be a deterrent to the improvement or development of other properties in the zoning district(s) affected or nearby thereto.
6. Can be suitably buffered from surrounding uses, so as to reduce the impact of any nuisance or hazard to the neighborhood.
7. Will not create a density pattern that would overburden public facilities such as schools, streets, and utility services.
8. Will not create traffic congestion, flooding or drainage problems, or otherwise affect public safety.
9. Will not inordinately burden properties in the affected zoning districts by unnecessary restrictions.

Your responses to these findings should be as descriptive as possible. Attach additional pages as may be necessary to adequately make your case. The City will, in the Staff Report, address the request and evaluate it and the Applicant's submission in light of the above criteria and offer a recommendation for approval or denial.
