RE: Permit # _____

Roofing Affidavit – Owner Builder

I _____, am the Owner/Builder for job site.
(please print name)

On or about _____, I did personally inspect the roof
(Date & time)

deck nailing and/or secondary water barrier work at _____,
(Job Site Address)

Based upon that examination I have determined the installation was done according to the current edition of the Florida Building Code.

Signature

This signed and notarized affidavit must be provided at the job site at the time of the final roofing inspection along with digital photographs of each plane of the roof with the permit number or address number clearly marked on the deck for each inspection. The photographs must include a ruler or measuring device to confirm nail spacing and overlaps.

OWNER/BUILDER AID FOR RE-ROOF INSPECTIONS

New Decking – Plywood – Nails must be spaced 6” apart along the edge of the plywood and 6” apart in the field

Photos provided for Sheathing Inspection must show the proper spacing with a ruler (See Roofing Affidavit)

Felt Paper – Nailing pattern is 6” along edge and 12” in the field

Photos provided for Dry In Inspection must show the proper spacing with a ruler. If using Peel n Stick underlayment the photos must show the product name and product approval is required for this type of underlayment.

Metal over Shingles – Need photos of the existing shingles being roofed over.

When using purlins, spacing should be no greater than 24” apart on center. Photos must show proper spacing with ruler.

Roofing Affidavit must be provided by homeowner and placed in permit card with photos clearly marked or brought into office prior to inspection.
